

Lee HS Cell Phone Policy during SOLs
(Read this script before test administration)

Students, you understand that you have been instructed **NOT** to bring your cell phone or any *wearable technology* into any testing location. If brought to testing, cell phones **MUST** be turned off (**must be OFF, NOT on vibrate, silent, etc.**) and left in the backpack or the brown bag available in the testing room before testing begins. If your phone rings at any time, it will be considered a testing irregularity. If you are found to be in possession of your cell phone, even if it is turned off, at any time during the testing session **for any reason, including during a restroom break or after you have submitted your test**, your phone will be confiscated and a parent/guardian will be required to pick up your phone. You also risk having your test not be submitted for scoring, or submitted as cheating incident, in which case you will get a zero and there will not be any retake opportunity this testing window. Also, disciplinary consequences might be assigned.

Please check your pockets again for CELL PHONE.

Now, please write NO CELL PHONE on your test ticket and sign next to it.
